THROUGH the President, District Board, South Kanara,

I have the honour to state that the total amount of expenditure on the establishment of the Baindur L.F. Dispensary and the Kollur Rural Dispensary which is in-charge of a private Ayurvedic Physician for 1932-33 exceeds the limit prescribed in G.O.No.1778, L & M., dated 16th May 1932 as per particulars given below:-

- (1) The total expenditure on the establishment of the L.F. Dispensary, Baindur for 1932-33 was Rs.3029-6-0.

The original of this letter submitted through the P.D.B. may be awaited. The P.D.B. will, if necessary, be reminded on 8.5.33.

(2) The maximum expenditure which could be incurred on the establishment referred to in item 1, at Rs.20/- per annum per patient on the daily average of both in-patients and out patients is Rs.1664-0-0, the daily average attendance being 83.19 for the year 1931-32.

(3) The total expenditure on the establishment of the Kollur Rural Dispensary which consists of only the Medical Practitioner for 1932-33 was Rs.390-4-0.

(4) The maximum expenditure which could be incurred on the establishment referred to in item 3 is Rs.220-0-0, the daily average attendance being only 11.0 for the year 1931-32.

2. In this connection, I have to state that the members of the Baindur L.F.Dispensary establishment are paid at a time scale of pay as shown below:-

Medical Officer	..	-	Rs.100 - 5-0-0 - 150.
			(annual)
			+ duty allowance Rs.30/-per mensem.
Compounder		-	Rs.30 - 1-8-0 - 45.
			(annual)
Midwife		-	Rs.20 - 0-8-0 - 30.
			(annual)
Male ward attendant	..	-	Rs.10/-
Female -do-	..	-	Rs.10/-

Owing to this time scale of pay the expenditure increases year after year on account of the grant of annual increments to the incumbents. The total expenditure for the year 1932-33 also includes a sum of Rs.140/- being the amount of Provident Fund contributions paid for the year in respect of the Medical Officer, the Compounder and the Midwife.

3. The Medical Practitioner incharge of the Kollur Rural Dispensary is paid at Rs.500/- per annum i.e. at the rate of subsidy sanctioned by Government to Rural Medical Practitioners of the L.M.P.grade.

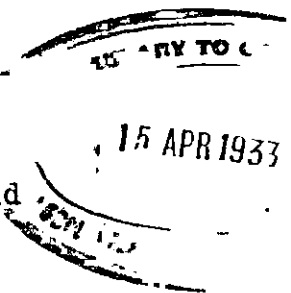

4. The amount provided for expenditure on the establishments of the Baindur L.F. Dispensary and the Kollur Rural Dispensary in the Budget Estimate for the year 1933-34 as approved by the Board is Rs.3120-0-0 and Rs.500-0-0 respectively.

5. The Medical Officer in charge of the L.F. Dispensary Baindur is a Medical Graduate (L.M.S) and he was appointed on 14-5-1928 in consultation with the Surgeon-General, for the satisfactory working of the Institution, in view of the fact that this is the only regular Dispensary under the management of this Taluk Board, the Coondapur L.F. Hospital having been taken over by the Government from 1st May 1928. Further, the daily average attendance in the Dispensary has been going on increasing since 1928-29 as noted below;

<u>Y E A R</u>	<u>DAILY AVERAGE ATTENDANCE.</u>
1928 - 29	76 . 34
1929 - 30	77 . 42
1930 - 31	77 . 25
1931 - 32	83 . 19

The District Medical Officer who inspected this Dispensary on 23-12-32 has remarked that this is a well kept Dispensary and the good work is being maintained. In order that the Medical Officer may receive pay at the scale sanctioned by the Board, the daily average attendance in the Dispensary should nearly double itself and it is now too early to expect such a large increase in the daily average attendance in the near future. The operation of the rule issued in the above G.O. will work harshly on the Medical Officer as it will not only make him discontented with a reduction in pay but also place him on a lower footing than that of the Assistant Surgeons

of his grade in Government service who are paid at a decent scale of pay. The prescription of a limit in expenditure on Medical establishment as laid down in the above G.O. will only lead Medical Officers and Medical Practitioners to fudge attendance and the object of Government to extend Medical Relief to rural areas will thereby be highly frustrated. Further the conversion of this dispensary into a rural dispensary is not desirable as the people of Baindur and its adjoining places will have to cross two big rivers and attend the Coondapur Government Hospital which is at a distance of 16 miles from Baindur, for Surgical cases.

6. The Rural Ayurvedic Dispensary at Kollur is maintained wholly out of the savings accrued to the Board on account of the provincialization of the Local Fund Hospital at Coondapur as per orders issued in G.O.Nos. MS.2645 P.H. dated 23-10-1930 and 286 P.H. dated 17-2-31 and the private Ayurvedic Physician who is in charge of the same is paid at the rate admissible to subsidised rural Medical Practitioners of the L.M.P.grade. It is doubtful whether this rural Dispensary comes within the scope of the above G.O.

7. I request, therefore, that the Government may be pleased to accord specific sanction exempting this Board from the operation of the rule laid down in the above G.O. in regard to the establishments of the Local Fund Dispensary at Baindur and the rural Ayurvedic Dispensary at Kollur at as early a date as possible.
